

The Clean Energy Promotion Bill, 2025

Preamble: An Act to promote the use of clean and renewable energy sources in the country, to reduce carbon emissions, and to ensure sustainable development.

Definitions:

1. 'Clean Energy' means energy derived from renewable, zero-emission sources that do not pollute the atmosphere.
2. 'Commission' means the National Clean Energy Commission constituted under this Act.
3. 'Large Enterprise' means any business entity with annual revenue exceeding ₹50 crore.

Sections:

Section 1: Short Title, Extent, and Commencement This Act may be called the Clean Energy Promotion Act, 2025. It extends to the whole of India and shall come into force on such date as the Central Government may notify.

Section 2: Establishment of the National Clean Energy Commission The Central Government shall, by notification, establish a Commission to be known as the National Clean Energy Commission.

Section 3: Mandatory Adoption for Large Enterprises All Large Enterprises shall adopt clean energy for at least 50% of their total energy consumption by 2028.

Section 4: Incentives for Small Businesses Small and medium businesses adopting clean energy shall receive tax credits and low-interest loans.

Section 5: Penalties for Non-Compliance Any enterprise failing to meet the clean energy usage targets shall be liable to a penalty up to ₹10 lakh per year of default.
